INSPIRE EXCELLENCE INTERNSHIP PROGRAM

PJS Group's "Inspire Excellence Internship Program" is a way for us to nurture the young minds of the construction industry, to facilitate networking, and to attract new talent. We believe that by working with up-and-coming industry professionals, both PJS Group and our interns have an opportunity to learn, innovate, and collaborate.

Our interns are important members of our team who make meaningful contributions to our work by bringing fresh ideas and a new energy to us every day. Many of our interns have joined our team after graduation.

We hire rising sophomores, juniors, and seniors each year with backgrounds in Civil, Electrical, Mechanical, and Industrial Engineering, Finance/Accounting, Compliance/Law, Human Resources, and Information Systems.

There are scholarship opportunities for engineering students, i.e.: through our membership with the General Contractors Association, rising senior summer interns studying civil engineering, are eligible to apply for the John F. Donohue Scholarship, which was a $3,500 award, per individual, in 2027. We are proud to say that one of our interns won a scholarship in 2026! We will also offer other opportunities that we become aware of to our interns.

Our 11-week, paid internship program (from early June to mid-August) is competitive and highly regarded. Recruitment is conducted on a rolling basis beginning in November and December with offer letters emailed by end of year.
